Minutes:

No motion required. A presentation was made.

COUNCILWOMAN TARKANIAN recognized DR. EMIL FREI, III, for his outstanding achievement in cancer research. She read and presented him with a Proclamation outlining his many accomplishments. She noted that DR. FREI is now retired, but he is always seeking to help wherever possible. She declared March 7, 2007, as Dr. Emil Frei III Day in the City of Las Vegas.

MAYOR GOODMAN stated that DR. FREI'S presence is very important to this community, particularly with the City's efforts to build a first-class medical community. To welcome him to this community, he presented DR. FREI with a Key to the City.

DR. FREI appreciated the kind gesture. He gave thanks to his family, and said there were many other people in this community he would like to thank, but they were too many to mention. He is eager to work with local doctors.
